

UNIVERSAL FENCE FITTING SYSTEM

Using a combination of just two types of pressings, every conceivable joint configuration and size variation may be easily constructed. All the standard corners of course, plus any number of special joint requirements including an integral stay arrangement. With the addition of the Multiple Purpose Connector, two or more rails can be connected to the post at any angle completely eliminating the need for pipe bending.

The perfect solution for multiple enclosures, sports ovals, cricket nets, tennis courts, or any awkward shaped enclosure.

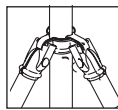

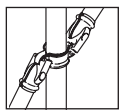

2, 3, 4 AND UP TO 8 WAY ADJUSTABLE FITTING COMBINATIONS POSSIBLE

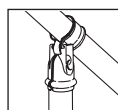

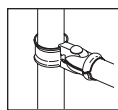

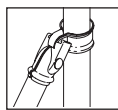

INSTALLATION NOTES:

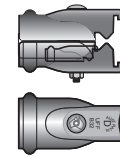

1. ALL RAIL CLAMPS ARE COMPLETELY INTERCHANGEABLE WITH ALL POST CLAMPS.
2. FOR NEATNESS OF INSTALLATION POST CLAMP ATTACHMENT EAR IS HIDDEN BY FIRST RAIL CLAMP.

VERTICAL RAIL ADJUSTMENT FROM 30° TO 150° FOR FENCING UP SLOPES OR ADDING MULTIPLE INTEGRAL STAYS.
